Check, please!

Venue Industries has been furnishing restaurants and dining areas for over ten years now. We offer custom furniture design, dealer & design support, space-planning and logistics. Our diverse product mix makes us an easy choice for projects with a variety of needs. Whether you're working on a artisanal eatery or a chain restaurant, you can rest assured that we can create for your space.

## GenX Tavern

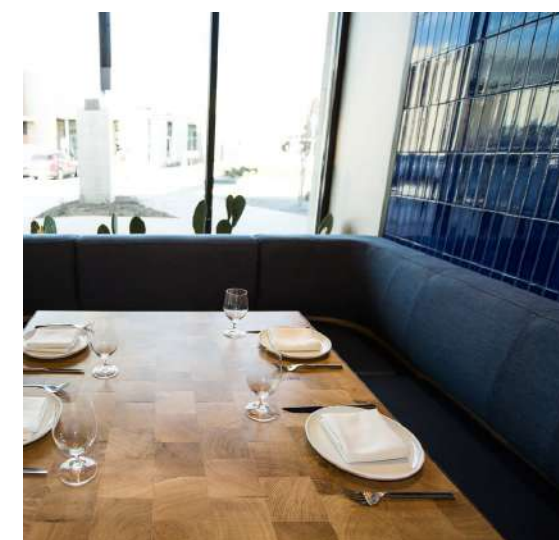

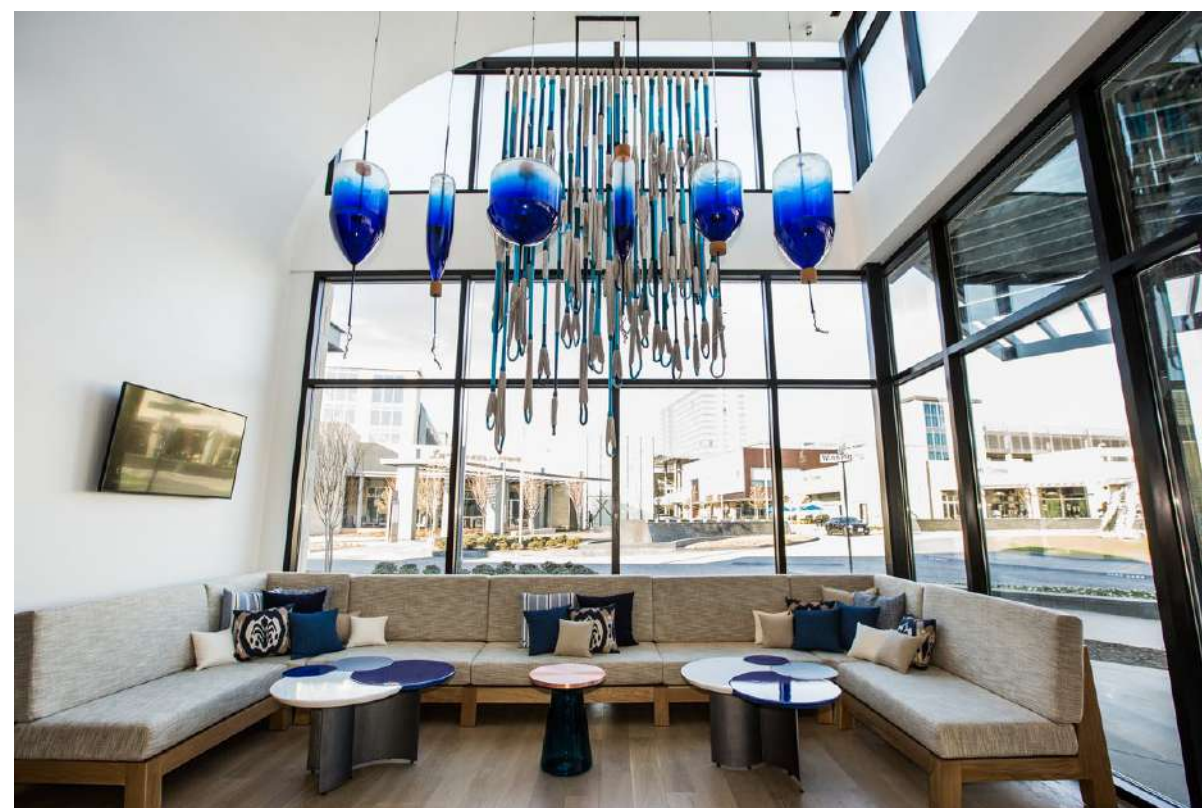

GenX Tavern is an '80s and '90s themed bar & restaurant in Tampa, FL. This restaurant wanted their customers to have an authentic throwback experience, so we designed quirky custom picnic tables with matching benches.

## Zaytina

Zaytina is a 250-seat Mediterranean restaurant offering up small, intricate plates in Frisco, Texas. We created a custom, U-shaped banquette for the lobby and U-shaped booths for the dining area.

## Da Mario

Da Mario is an fine-dining Italian restaurant in Frisco, Texas. The design intent for this restaurant was elegant, yet subdued. We created custom, channeled circle booths along with outdoor tables & seating for this project.

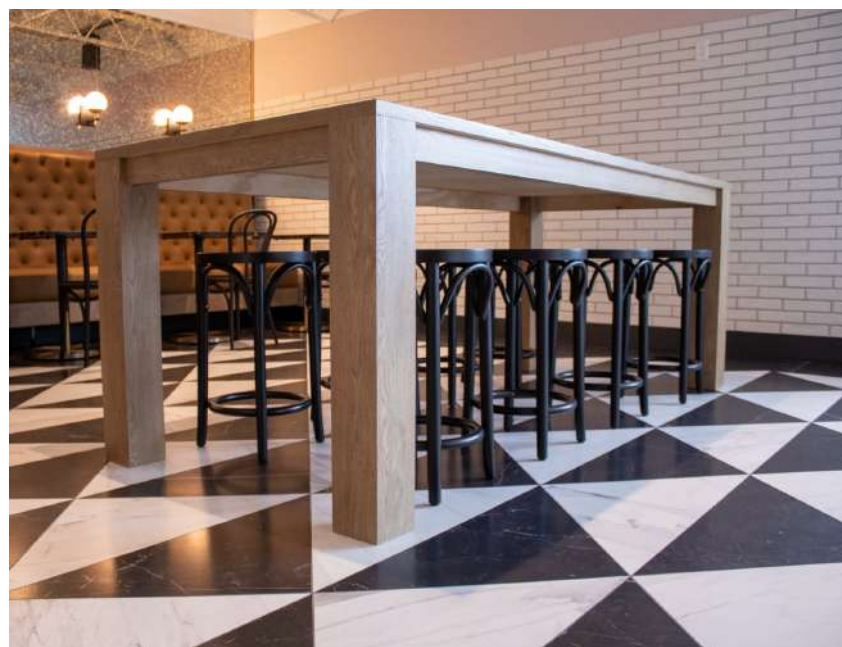

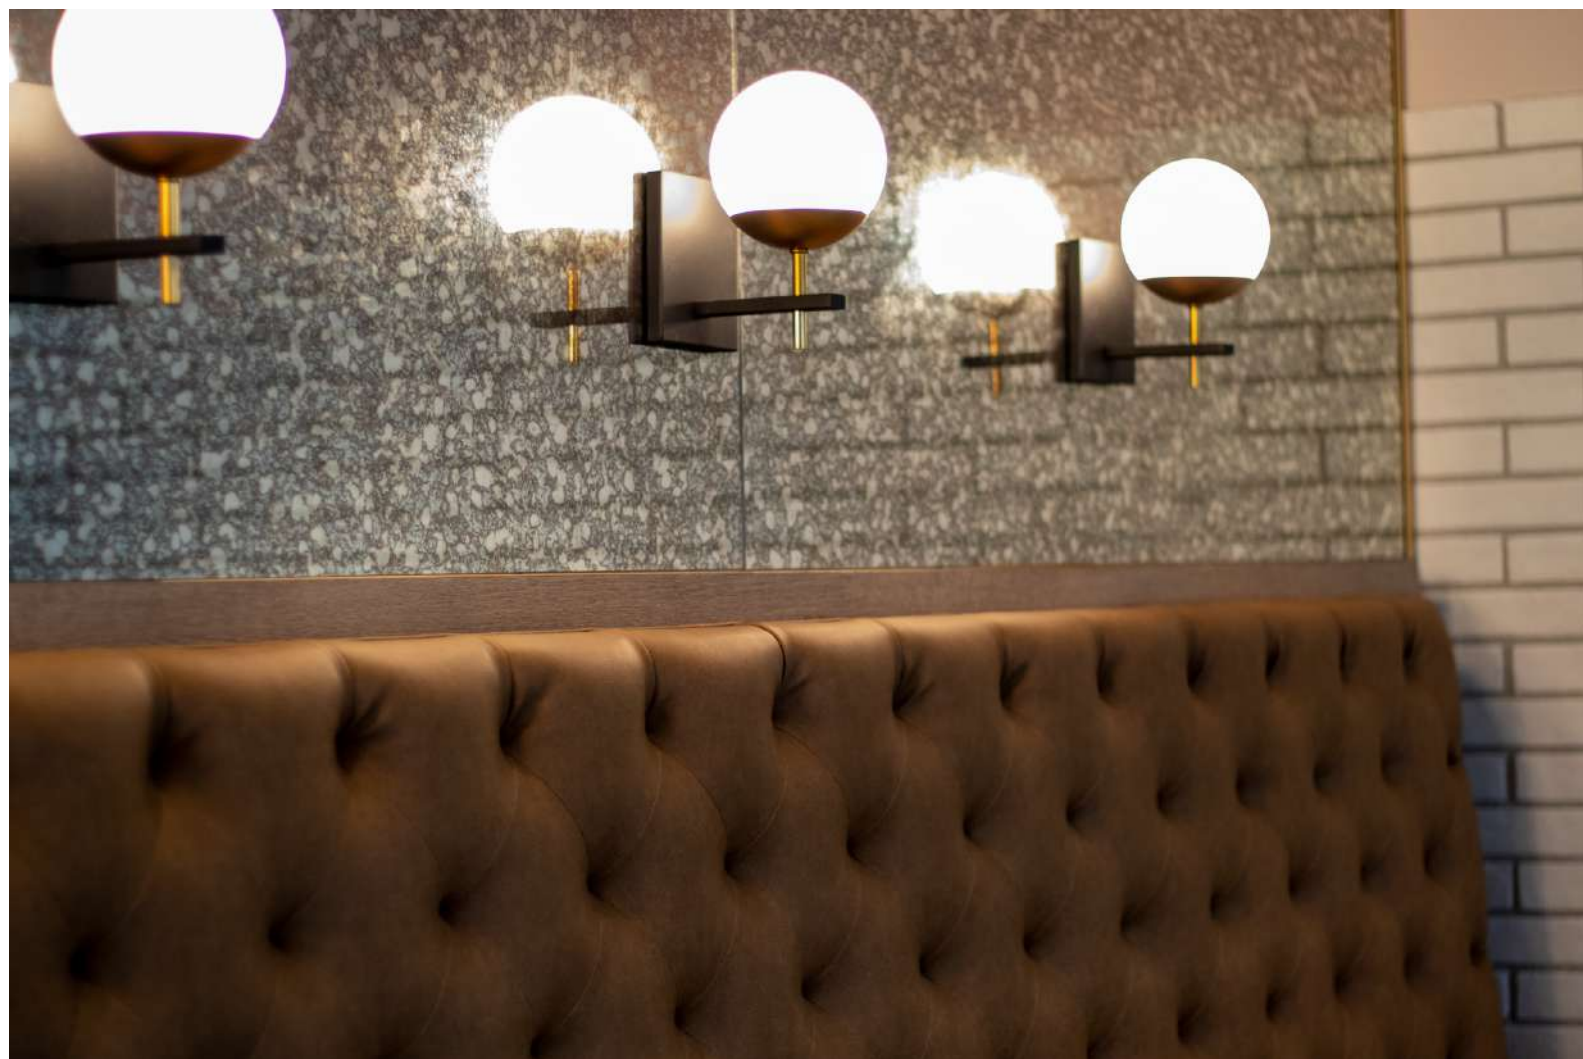

## Luv Child

Luv Child is an eclectic, Cuban-fusion restaurant in South Tampa. This spunky space is in the heart of a college town, so the design intent was youthful and bold. We created custom U-shaped booths, single booths, and DJ & hostess stands for this project.

## Graze

Graze is an American restaurant, serving up breakfast, brunch and cocktails in South Tampa. We provided custom diamond-tufted banquettes and fully laminated community tables for this project.
